CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Boost Your Property
With Good Roads
Work for Them
With the
Development Association

Some men are such poor business managers that they do not collect even their own thoughts.

SOME RANDOM THOUGHTS.

The Scriptural injunctions to "take no heed of the morrow," and to "sell all that thou hast and give to the poor," were probably never intended to be lived up to strictly; but rather that one should not set his whole heart upon worldly gain, and should give as liberally as his means will admit to the relief of the suffering and misery which abound in the land. Work is an absolutely necessary condition for a healthy body and mind, and whoever works with a purpose must "take heed of the morrow," and extend his plans into the future.

Idleness is the mother of vice. Constant physical labor is the only reliable protector of virtue. There is nothing that subdues the passions and keeps the blood tame like hard work. The Lord helps only those who help themselves.

All nature is governed by fixed and unalterable laws. Whoever lives in harmony with these laws will be happy. Blessings flow in fixed channels. To enjoy the blessings we must go where they are—they will not come to us. Work if you would reap the richest rewards of life. Work, if you would live in the sunshine and enjoy the fruits of contentment. Work on and work ever, trusting, and growing into the full development of an upright, noble and glorious manhood.

GOOD BUSINESS PROPOSITION.

The Board of Supervisors last Monday had a proposition tendered the county, whereby the county's general fund would be \$10,490 richer in a short time, and about \$10,000 in addition would be received within a year or so.

The Chinese cemeteries in this county contain the bodies of more than 8000 Chinese. Religious or patriotic custom of these people is that the bones of the departed Chinese be removed, sooner or later, to their native land.

San Mateo County has an ordinance in force whereby a fee of \$1 is charged for the burial of each body brought into the county, and an additional fee of \$10.00 is charged for the disinterment and removal of each body taken out of the county.

The Chinese Benevolent Society, known as the "Six Companies," propose at the present time to remove 4196 bodies (one ship load) but they cannot and will not pay the exorbitant fees of \$41,960.00, but will pay, and made of their permit to the Board of Supervisors last Monday, a fee of \$2.50 for each permit.

This, in the minds of the taxpayers and any fair minded person is a very liberal sum, as \$10,490 is not a trifle. Supervisors MacBain and Chairman Brown favored the proposition from the start, and District Attorney Swart, at the conclusion of his remarks to the board stated that it was his opinion that \$2.50 was a fair fee and should be accepted. However, Supervisor Casey could see no reason why the fee should be reduced, probably for some motive best known to himself.

The proposition, however, came to the board, possibly, as a surprise, and it is hoped that at their next meeting the request will be repeated, for a new ordinance on the subject of disinterments, and that the board will grant the reduction, as prayed for.

NOTED PRISON WORKER COMING TO REDWOOD.

It is announced that Wm. I. Day, superintendent of the California Prison Commission will give a lecture in the Methodist church on Monday evening, February 25.

No one on the Pacific coast has done more for prisoners and especially ex-convicts than Mr. Day. He is the man who built both of the buildings for ex-convicts in San Francisco and gets an average of nine jobs a week for discharged and paroled prisoners, thus helping hundreds to be men. He has the special privilege of visiting all of the "condemned cells." The prisoners call him "Happy Day" because he always brings cheer within the cheerless gray walls.

It is hoped that "Happy Day" will be welcomed in Redwood by a large audience.

There will be an admission charge of 25 cents.

Morvin Grove of Druids had an important meeting Tuesday night, at which Noble Grand Arch Lawrence of San Jose and his deputy, Dr. Leland of San Francisco, and others grand officers were present. The officers were installed and a number of new members initiated, after which a banquet was served by Arnold Schmidt of Schmidt's Cafe. Morvin Grove is one of the oldest fraternal organizations in this city. Its membership of sixty-five.

PROMINENT PIONEER WOMAN CALLED TO ETERNAL HOME

The mortal remains of Mrs. Jane Kreiss were tenderly laid away in Union cemetery yesterday afternoon. The funeral services at the Congregational church at 2 o'clock were largely attended by sorrowing relatives and friends. Rev. Stevens paid a glowing tribute to the character and worth of the good woman, who was known far and wide for her charitable acts and good deeds. No one was ever turned away from her door empty handed. Her assistance, often sought, was cheerfully given. Mrs. Kreiss was a resident of the county for half a century, spending most of that time at her Woodside farm. She was one of the best known and most beloved of the county pioneers who did so much in upbuilding the peninsula. She was the wife of the late Jacob Kreiss, who with his family lived for nearly fifty years near Woodside. After disposing of her ranch five years ago to Antone Bassett, Mrs. Kreiss came to Redwood City to reside. Mrs. Kreiss' death occurred unexpectedly at the home of her son on Phelps street Wednesday. She was leaving the residence on her way home when she suddenly threw up her hands and expired. Medical aid was summoned but when the doctor arrived he pronounced her dead. Mrs. Kreiss was a native of Australia, aged 64 years. She came to this county when a young girl. Mrs. Kreiss was beloved by all who knew her and her sudden demise is a source of deep regret for she was esteemed by a wide circle of acquaintances. The deceased is survived by her daughter, Mrs. Thompson and two sons, Henry and George Kreiss of this city. The following old friends of the deceased acted as pall bearers: John Eschenbacher, A. D. Walsh, Wellington Orton, Frank Young, Joseph Dickey and Judge Buck.

CITIZENS ENDORSE LIGHT BOND ISSUE

Efforts of Council for Improvement of City Given Strong Endorsement.

While there was an evident lack of interest on the part of the general voter, in yesterday's bond election, results made it evident that those who did not go to the polls strongly support the efforts of the trustees for the betterment of the city, the bond issue carrying by a very decided majority. That there was general apathy, probably due to absence of concerted effort, is shown by the fact that little more than one-third of the vote of the city was cast. Out of a total of 373 votes cast in the their precincts, 310 were in favor of the bond and but 63 against.

MOVEMENT FOR THE GOOD OF REDWOOD CITY BOYS

For the first time in the history of Redwood City something is being done to provide a place of entertainment for boys of sixteen years of age and over. Under the direction of Roy W. Cloud, Rev. Mr. Stevens and P. A. Ryan, the Redwood Boys' Club has been formed with a charter membership of fourteen. A constitution has been adopted and with Mr. Cloud as treasurer the boys feel they have made a good start.

To make it a success the club must have money and through the kindness of Mr. Nathhorst a benefit has been arranged to be held at the Bell Theatre on the night of January 28. The management has secured as an attraction, the "King of the Forest," which is said to be one of the masterpieces of photography. Negotiations are also being made to secure local amateur vaudeville and if satisfactory arrangements can be made something entertaining is promised. An appeal is made to the residents of Redwood to aid in this work.

The club wishes to publicly thank the following for their generous donations: Roy W. Cloud, H. C. Tuchen, Rev. Mr. Stevens, P. P. Chamberlain, P. A. Ryan, G. L. Fonda, C. E. Nathhorst, A. D. Walsh, C. H. Woodhams, H. Marcus, and Pacific Gas and Electric Company. Any one who is interested in the club will be given full information on applying to Secretary Ray Griffin.

Wedding Anniversary Surprise.

A number of the friends of Mrs. Henry Butts surprised that lady on Thursday afternoon. The circumstance which occasioned the affair was the fact that the day was the 15th anniversary of Mrs. Butts' wedding. Every lady present wore a costume of some sort and the varied hue of their apparel lent materially to the gaiety of the afternoon. A beautiful cut glass bowl was the gift of the ladies and each brought with her a supply of good things. What was the order of the afternoon and the prize for the highest score was carried off by Mrs. Roy Cloud.

Mrs. R. J. Albert who has been visiting friends here for the past week, returned to Los Angeles with a party, going on special train Friday.

LOCAL NEWS NOTES.

Louis Carrere, aged 19 years, the son of Louis Carrere, the baker, passed away in this city Monday after a long and painful illness. The deceased was interred in Union cemetery Tuesday.

At the Methodist church next Sunday, at the morning service the pastor's subject will be "The Lord's Prayer." At the evening service his subject will be "What the Bible Teaches Concerning Heaven." Sunday school will be at 10 a. m., and young people's meeting at 6:45 p. m.

The fortnightly card party of the Woman's Club will take place next Tuesday evening. Mrs. Joseph H. Nash and Mrs. George A. Merrill will be the hostesses. They promise an enjoyable evening to the club's guests. In addition to cards there will be refreshments and dancing. The usual small admission of 25 cents will be charged.

The public is invited to the gospel service of song and illustrated talk at the Baptist church next Sunday evening. Events in the life of Christ will be discussed by the pastor with the aid of the stereopticon. Beautiful paintings by great artists will be presented. The service will begin at 6:45 in the parsonage connected with the church.

At a meeting of the student body of Sequoia highschool the following officers were elected to serve during the spring semester: President Irene Dickey, '13; vice president Ella Martens, '13; treasurer, B. E. Myers; editor of Sequoia, Fay Thorpe, '13; manager Grace Steinberger, '13; assistant manager, Irene Dickey.

Louis Covacs, aged 49 years, a former resident of this city, passed away in San Francisco Saturday after an illness of several months. The body of the deceased was brought to this city and on Tuesday was interred in Union cemetery by Court Madrone, Foresters of America. Covacs is survived by a young son who will inherit a small estate left by his father. J. J. Read has applied for letters of administration on the property, and an effort will be made to find a home for the boy that he may be cared for and educated.

Probate Court Orders.

Estate of Matilda Grimmerstein, deceased. Account of the special administrator allowed and settled. Ordered that no inheritance tax is due. Final account of August Grimmerstein allowed and settled and petition for distribution granted.

Estate and guardianship of William Franklin deceased. First account allowed and settled as prayed for.

Estate of Pablo Vasquez, deceased. Petition for partial distribution dropped from calendar.

Died at County Hospital.

Thomas C. Yates, a native of England, aged 90 years, passed away at the county hospital Monday. The deceased was an old county resident. He was a blacksmith by trade and many years ago was employed in this city. He also worked for many years for R. I. Knapp, the well known plow manufacturer at Halfmoon Bay.

To Milk Consumers.

After February 1st any milk delivered by the following dairies will cost 10 cents a quart.

SUPERVISORS HOLD REGULAR MEETING

SUPERVISORS TURN DEAF EAR
TO APPEAL FOR REDUCTION
OF TAX FOR REMOVING DEAD.

Electric Franchise is Sold For Extension of Coast System to the Southern County Boundary.

The Board of Supervisors met in regular session Monday, January 20, there being present Wm. H. Brown presiding, D. E. Blackburn, Jas. T. Casey, Jos. M. Francis and John MacBain.

The minutes of the two previous meetings were read and approved.

A communication was received from the residents of Lomita Park Lighting District complaining that the new lights heretofore granted by the board were not installed.

E. W. Florence, manager of the Pacific Gas and Electric Company, which corporation had been authorized to increase the number of lights in the district, was called upon and informed the board that the work was going on as rapidly as possible.

Two petitions were received from residents of Daly City, asking for additional street lights.

Casey explained that the authority of the board in this matter was still undetermined, since Daly City had been incorporated. On his suggestion the matter was held in abeyance until the board was more fully informed on the subject.

The petition presented by residents of Colma at a recent meeting asking for additional lights, which was referred to Casey, was taken up. Casey stated that the inspector was working on the matter and will be ready to report very shortly.

A warrant for \$3408.95 was received from the City of Hillsborough, to be deposited to the credit of the Second Road District.

The warrant was accepted and the clerk directed to make the transaction a part of the board's minutes.

The action of the Hillsborough trustees is in accordance with the contract of that municipality made at the time of its incorporation, to pay a certain amount annually to the Second Road District for an indefinite period.

A communication was received from the State Library at Sacramento inquiring what progress was being made toward the establishment of a county library.

The communication was filed, it being the sense of the board that no action should be taken at this time on account of the board's oversight when fixing the tax rate in not providing the necessary rate to maintain such a library.

A letter of thanks was received from the city council of Daly City for the board's action in providing a right of way and otherwise encouraging the building of the State highway down the Mission road. The communication was accepted and filed.

A communication was received from the Chamber of Commerce of San Jose, asking that a date be fixed on which that body might meet the board and discuss the project to build a road into the State Redwood Park. The chairman appointed the next meeting as the time for the conference and the clerk was instructed to so notify the San Jose business men.

George E. Dunn filed a protest against the designation of an official paper.

A claim from Clark & Henery for \$122.60 for repairs on the Pescadero bridge was objected to by Blackburn as exorbitant. On motion of Blackburn, seconded by MacBain, the claim was referred to the surveyor.

Auditor Underhill sent a communication to the board explaining why he had refused to audit the claims passed at the last regular meeting. Many of the claims, he stated, were filed on the day on which they were passed and some were not filed within the time provided by law.

The chairman stated that he would entertain a motion that the claims be paid at this time.

MacBain stated that his predecessor, at the time of retiring, had to his credit \$7053.75, but in passing claims he had overdrawn that sum to the amount of \$2844. He explained that he would pay claims on his road district to the amount of \$7053.75 but would hold up the overdrawn claims. Mr. MacBain would not admit whether or not he would allow the latter bills. He moved that the claims passed be allowed up to the amount of \$7053.75. The motion was seconded by Blackburn and carried.

On motion of Casey, seconded by Brown, the claims on the other road districts were ordered paid.

The franchise. The bid was accepted on motion of Blackburn, seconded by Francis.

A number of erroneous assessments reported by the Tax Collector, Auditor and Treasurer were referred to the District Attorney for correction.

Casey reported the unsafe condition of the United Railroad Company's tracks between Old Baden and the county line. A number of accidents had recently occurred on this account. He moved that Manager Black of the company be cited to appear at the next meeting and explain to the board why the tracks were not kept in better condition. The motion was seconded by Blackburn and carried.

The application of Danz Bros. for a liquor license at Beresford, laid over at the last meeting, was taken up.

District Attorney Swart introduced the testimony of Chris Stader, owner of the premises, and Michael Sheehan, constable of the Second township, to show the bad character of the place as conducted by Danz Bros. It was shown that liquor was sold to minors and intoxicated persons.

Attorney Charles B. Waller, representing the applicants asked for a continuance until the next meeting in order to produce testimony in favor of his clients.

MacBain moved that the license be denied the applicants. There was no second to the motion.

Chairman Brown said that it was agreeable to him to grant a continuance if the board was willing but he suggested that the best solution of the matter was for Danz to withdraw his application.

The advice of the chairman was taken by the attorney for the applicants and the matter was quietly closed.

A complaint was received from J. R. Irwin that the roads in the Coleman tract were being cut up by heavy travel. He asked relief from the board.

MacBain explained that what Mr. Irwin wanted was permission to placard the roads in the tract notifying drivers of heavy wagons to keep on the Ringwood road which was just as convenient and better suited to such traffic.

On motion of Blackburn, seconded by MacBain the petitioner was given permission to post the necessary notices.

Archer Kincaid, representing a number of the claimants against the San Gregorio bridge which was constructed by John Savage, appeared before the board for the purpose of effecting a settlement of the matter.

It was brought out that the original contract was for \$2400, to which amount \$345 was added for extras. Savage had been paid \$1200 on account and since that time claims aggregating \$1545.75 had been filed with the board for payment, an amount of \$198.75 in excess of the balance due the contractor.

Savage waived all right to the unpaid balance and on motion of Blackburn, seconded by Francis, it was ordered that the claims be paid to the amount of the balance due the contractor, his bondsmen being responsible for the remainder.

Judge Fitzpatrick addressed the board, stating that a petition was about to be presented by the Woman's Club of San Mateo, asking that the tax for the removal of bodies from the county be reduced from \$10 to \$2.50. The petition had particular reference to the Chinese whose religious belief requires that their bones be allowed to rest in their native soil.

There are over 8000 bodies in the county which will ultimately be removed, 4196 of which will be shipped at once if reasonable terms can be made.

R. Porter Ash, representing the Chinese consul, also addressed the board, asking that the price of removal be reduced to \$2.50. The present removal tax is far in excess of that of any other county.

Albert Walstein, a representative of the Chinese Six Companies, also spoke in favor of reduction. He said that the Six Companies were a charitable organization which would provide the money to pay for the removal of the bodies of many of the Chinese who were poor. He said that the average cost of removals outside of the tax was \$12. This would make the undertaking prohibitive.

The petition of the Woman's Club was read after which Mrs. Charles McCarthy addressed the board, stating that she had interviewed a number of citizens of the county and found the general opinion to be in favor of a lesser tax for the removals and a larger tax for burials. By accepting the offer of the Chinese, good business policy would be used and a large sum of money added to the county treasury.

A number of other ladies addressed the meeting along the same lines.

District Attorney Swart stated that while he defended the present ordinance in a suit before the Superior Court and the Court of Appeals and established its validity, he was still of the opinion that the tax was exorbitant and the court was of a like opinion.

Supervisors Casey and Francis were not in favor of a reduction. The chairman thought that the tax was excessive.

Judge Fitzpatrick as a final word said that this would in all

likelihood be the last appeal that would be made for a reduction of the tax. Since the new governmental regime in China the old customs were rapidly going out of vogue and with them the sentiment regarding the return of the dead to its native land.

MacBain introduced an ordinance establishing a removal rate of \$2.50 and moved its adoption. There was no second to the motion and it was declared lost.

The ordinance regulating the wiring of houses for electricity which had been referred to MacBain for examination was taken up. MacBain was opposed to the ordinance.

A. G. C. Hahn made a lengthy argument against the ordinance, pointing out its unjust features. He said that it was the custom of the buildings before giving insurance, and before the current is turned on the light company also makes an examination of the wiring. The ordinance provides for an inspector who is given arbitrary powers and there is no appeal from his ruling.

E. W. Florence of the Pacific Gas and Electric Company stated that his company always has a careful examination made of the wiring before connections are made with buildings.

MacBain was opposed to the fee system. He believed that there should be an inspector who shall receive a salary and that all fees collected by him shall be paid into the treasury.

H. C. Tuchen appeared on behalf of the Board of Trade of Redwood City and opposed the ordinance in its present form.

A representative of the San Mateo Building Trades Council defended the ordinance, stating that it was for the protection of the public.

The ordinance was referred back to MacBain who will offer suggestions for a new one.

A communication was received from the newspaper publishers of the county asking the board to proceed with the adoption of printing rates.

The communication was accepted on motion of Casey, seconded by Francis.

On motion of Casey, seconded by Francis, the Redwood City Democrat was appointed the official organ of the board.

On motion of MacBain, seconded by Casey, the supervisor of the Third district was authorized to replace one-half of the Stanford bridge which is in bad condition; to replank the bridge at Tripp's store at Woodside, and to construct two corrugated iron culverts.

An ordinance establishing the rates for printing and advertising was presented by the District Attorney and adopted on motion of Francis, seconded by Casey.

L. E. Fuller, the business manager of the County Development Association, asked that a date be fixed for the road bond election.

Francis and Brown expressed themselves as prepared to submit the matter to the voters.

Casey, as a matter of justice to his constituents favored waiting until the State Highway Commission had definitely made known whether it intended to build down the Mission road or on San Bruno road.

It was essential that this point be settled. If the highway is not to be built along the Mission road then that road must be improved out of the bond issue.

The chairman was of the opinion that the statements made by the representative of the highway commission at the last meeting practically settled that matter. If either route were adopted the other could be built by the county.

Mr. Hahn said that it was important that the San Francisco authorities make connection with the county roads when they are built. He was assured by Casey that the city people would meet us at the county line.

After some further discussion it was agreed to fix the date of the election for April 1st next.

The board adjourned until next Monday at the usual hour.

WANTED, AN AFFIDAVIT WITH THIS FISH STORY.

Deep-sea fishing in the mountains is the latest diversion on the Rowley ranch, which adjoins the country estate of Mayor Rolph of San Francisco in the mountains near La Honda.

Several years ago it was believed that there was oil on the Rowley ranch, and a well was sunk. The elevation of the ranch is 900 feet above sea level, and the well was sunk 1200 feet. Salt water was reached and the search for oil ceased.

With the rise of the tides the salt water in the well flows over the top. It is believed that the mountains are merely a ledge and that somewhere near La Honda a deep cave reaches ten miles inland, into which the salt water flows.

George Parkinson of Mountain View went quail hunting on the ranch recently and ran across the salt-water well. He dropped a basket on a rope into the well and drew out a salmon, he says. At any rate Parkinson returned to Mountain View with a fish.

Einstein has just received the swiftest line of hats ever received in this city.

Saves Time and Work

Cooking with gas has greatly reduced the work of housekeeping. It is clean, quick, efficient. Apply a match any hour of the day or night and you have immediately a heat that is intense and even.

There's no "sweating and fussing" when cooking with "Pacific Service." It's an up-to-date, economical convenience that saves time and money.

Let us explain its possibilities.

"Pacific Service" is "Perfect Service"

WITH AN INSURANCE POLICY IN HAND
you will not be worried to death every time the engine turns out. They won't mean such a possibility of ruin to you. The freedom from worry is alone worth the cost of the insurance. Have us get you out a policy today and even if you never have a fire, the sense of protection will be worth more than the cost of the policy.

Bruno Park, 1st Addition.

RALEIGH, N. C. CHILD

Made Strong and Well by Vinol.

When we tell you that Vinol is the
best remedy in our whole stock for

making weak, puny, ailing children
strong, robust and rosy, we are only

telling you what has been proved by
hundreds of mothers.

Mrs. W. O. Strother, Raleigh, N. C.,
says: "My little girl, Hazel, has been

taking Vinol to build her up after a
severe spell of sickness. It has done

so much good by restoring her appe-

tite and building up her strength that
I think Vinol is the finest tonic ever

prepared, and I am telling everyone
about it."

What Vinol did for this little girl
it will do for very weak and ailing

child, because sickly children
need the strengthening cod liver

elements and the tonic from that
Vinol contains—that is why Vinol

builds them up quickly and gives
them a fine, healthy color. It is

pleasant to take, and we guaran-

tee that the results will satisfy
you
